The Europaediatrics congress is the highlight of the activities of the European Paediatric Association (EPA/UNEPSA). Taking place every two years, it aspires to be the meeting point of paediatricians not only from Europe but from all over the world.

**Scientific Programme**
The aim of the congress is to present to the delegates the latest developments in paediatrics and bring them up to date in their field covering topics that range from primary to secondary care. The Scientific Programme will include an exciting mix of lectures, symposia, round tables, debates and meet-the-experts sessions. The programme will also emphasise on the use of guidelines in the paediatrics practice and the need for harmonization of practices across Europe in combination with the respect of national diversities when appropriate.

**Individual Membership**
The 5th Europaediatrics 2011 in Vienna is the first to welcome individual members of EPA/UNEPSA. As of the beginning of 2010, EPA/UNEPSA offers the opportunity to all paediatricians in Europe to become members on an individual basis. The individual membership is offered at a privileged 50 Euro annual fee and encompasses a set of attractive benefits including reduced registration fees to Europaediatrics. Visit www.epa-unepsa.org for more information and to apply.

**Important Dates**
Deadline for Abstract Submission... 10 March 2011
Deadline for Early Registration ....... 10 March 2011
Deadline for Late Registration....... 15 June 2011
